

What to Wear on Our Tours?

It is important to understand that while in Iceland you could experience all four seasons in less than one day. It is vital to wear comfortable and appropriate clothing to be able to enjoy the excursions to the fullest.

Warm, windproof clothing in addition to good, sturdy shoes should do the trick.

The Activity Group provides the following gear:

For snowmobile adventures: overalls, gloves, shoe covers and helmets

For river rafting: wet suits

For the ATVs: overalls, gloves, helmets and boots

For caving adventures: helmets, lights and all other necessary caving gear
